Call for Expressions of Interest (EOI)

Jobs & Livelihoods Window

Just Energy Transition (JET) Funding Platform — JET Project Management Unit, The Presidency

The Just Energy Transition (JET) Funding Platform (the “FP”) invites Expressions of Interest (EOIs) for initiatives that enhance decent jobs in the formal economy and strengthen livelihoods in the informal economy in communities affected by South Africa’s Just Energy Transition.

Note: The JET Funding Platform does not directly hold or disburse grant funding.

The Platform facilitates the matching of selected projects with potential funding partners. Progression to later stages of the Platform’s assessment or selection process does not constitute, nor should it be interpreted as, a guarantee of funding.

1. Background & Rationale

Building on learnings from earlier open windows, this themed window focuses on Jobs & Livelihoods in the JET to improve the quality of applications and strengthen funder matching. It prioritises demand-led pathways to employment, enterprise support, and resilient incomes for vulnerable groups.

2. Geographic Focus

- 2.1. Primary preference: The coal belt or communities with strong socio-economic links to coal value chains.
- 2.2. Secondary preference: National

3. Objectives

- 3.1. Promote access to decent work in the formal economy (especially for youth and women) through demand-led skilling and placement pathways.
- 3.2. Support improved livelihoods and resilience in the informal economy through practical, market-linked interventions.

4. Priority Areas

4.1. Formal economy

- 4.1.1. Demand-led technical, soft-skills and work-readiness training with clear placement pipelines.
- 4.1.2. Job matching and placement services, internships and work-based learning.
- 4.1.3. Public-private partnerships for workforce development aligned to sector demand.

4.2. Informal economy

- 4.2.1. Enterprise support to increase incomes: access to markets, finance, tools and BDS.
- 4.2.2. Strengthen local ecosystems and cooperation; catalyse private sector support.
- 4.2.3. Practical interventions that improve productivity, stability and resilience.

5. Who Can Apply?

- 5.1. Non-profit organisations (NPOs/NGOs), social enterprises, training providers, private sector entities.
- 5.2. Applicants must demonstrate relevant track record in demand-led skills, workforce development and/or informal enterprise support.
- 5.3. Experience in the coal-belt is desirable.

6. Exclusions

Individuals; government institutions, political parties; pure research/feasibility-only requests; private companies seeking pure operating expansion unrelated to this window’s objectives.

7. Grant Request Provisions

- 7.1. Funding range: R1 million – R20 million (higher amounts may be considered where strong co-funding and transformational impact are demonstrated).
- 7.2. Grant duration: up to 24 months (subject to funder requirements and project nature).
- 7.3. Co-funding: encouraged but not mandatory; please indicate source, amount and status if applicable.
- 7.4. Disbursement: milestone-based, aligned with deliverables and reporting (subject to funder terms).

8. Core Impact and Monitoring Evaluation and Learning (MEL) Benchmarks

Projects are assessed against measurable benchmarks, including:

Impact criteria	Benchmark measurement
Community involvement	<ul style="list-style-type: none"> • % of interventions that have planned for community involvement as part of their design • % of interventions reporting “Level 3-Community engagement” (on a scale of 0 to 5) in the intervention or higher. Detailed definition to be provided should the project progress to the stage of submitting a full Funding Application.
Institutional strengthening & capacity building	<ul style="list-style-type: none"> • Level(s) is the intervention’s primary intention for institutional strengthening aimed? <ul style="list-style-type: none"> – Micro – level: At community and or local role – players and groups/ – Meso – level: At local or provincial government level and or the nearest level of administration. Implementation partners / NGOs. – Macro – level: At policy level, national government, education system, think tanks, development finance institutions etc. • % of interventions that report a positive change across institutional elements (capacity, systems, resources, information, coordination) <p>Note: Institutional strengthening refers to any interventions or technical assistance intended to support change in relation to institutional elements which address organisational: Capacity; Resources; Information sharing; Coordination; Systems; and/or Performance.</p>
